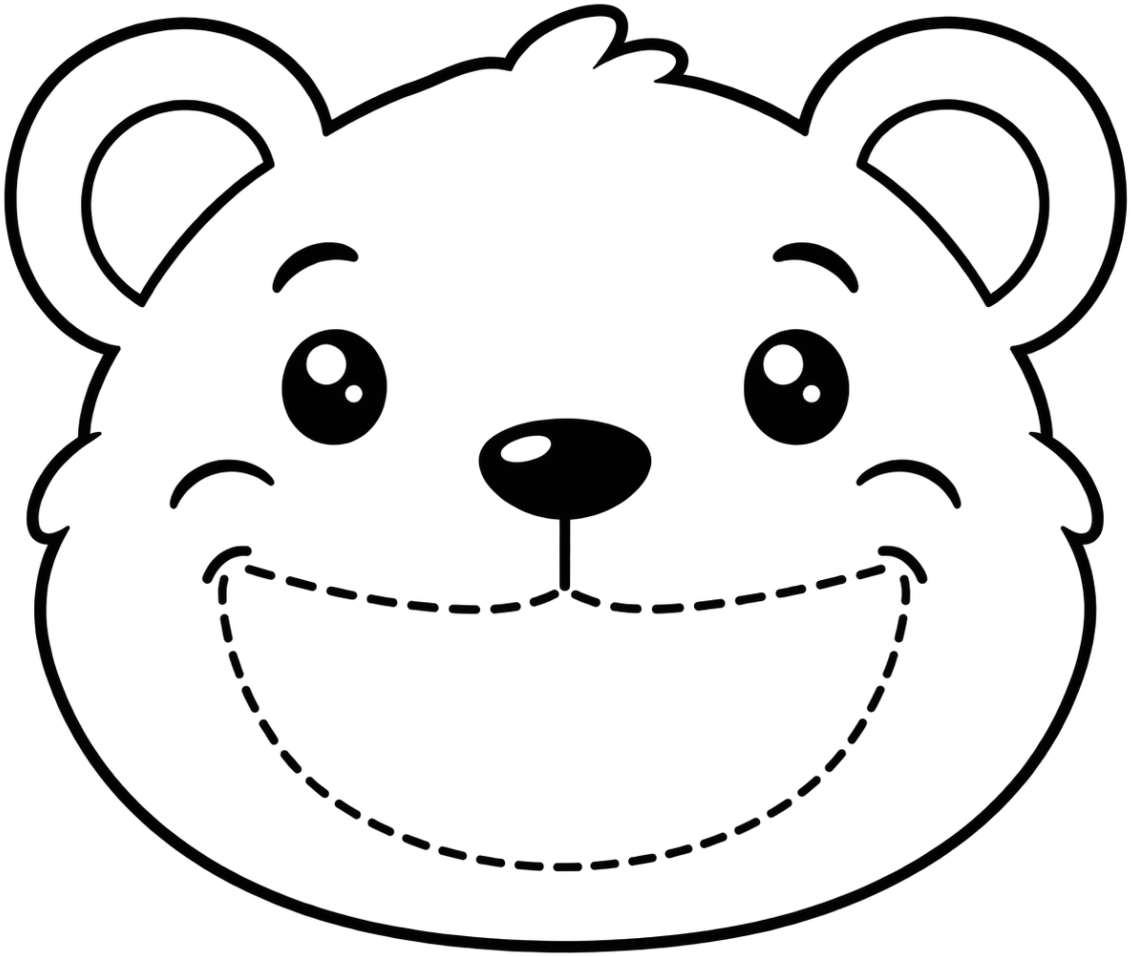
Feed the Friendly Bear

Initial F Practice

Adult setup: Cut along the dashed line to remove the bear's mouth. Place the page on the front of an empty shoebox or tissue box and trace the opening. Carefully cut a matching opening in the box, then glue or tape the bear page in place. Cut apart the picture cards on page two.



✂ **Adult: Cut along the dashed line.**

How to play: Choose a picture card and say the word one, three, or five times. Then feed the card through the bear's mouth!

Initial F: Picture Cards

Cut along the dashed lines.
